KEEP WATCH ON MEXICAN LINE

(By Associated Press)
SAN DIEGO, Calif., July 29.—Col. Arnold, in charge of army aeronautics on the west coast announced that daily squadron flights between San Diego and Calexico would be inaugurated in the near future as part of the border patrol system. Eighteen De Havilland airplanes have been assigned to the duty.

When in doubt avert the price. President Wilson is extracting the "Shant" from Shantung.

EAST GERMANY REMAINS QUIET

(Correspondence Associated Press)
BERLIN, July 2.—Eastern Germany will remain quiet despite the fact that some parts of it are included within the borders of Poland by the peace treaty, wires the Thorn correspondent of the Deutsch Zeitung. "It is the painful result of observation made on the spot," he declares that the government, contrary to its promises, has ignominiously delivered up parts of the eastern provinces and that Prussia has failed to come to the aid of her crown lands. "The correspondent states that the natives and the troops had determined to defend their hearths and homes to the very last, but the government's change of front now put an end to those patriotic aspirations. He predicts a grave menace to the country as a result of the dissolution of troop units which have been accumulating there."

PREHISTORIC FOREST FOUND

(By Associated Press)
SAN BERNARDINO, Calif., July 29.—Petrified wood, found by well-borers hundreds of feet under ground in the San Bernardino valley, is causing local geologists to speculate as to the condition of the district in prehistoric times.

A piece of the root of a tree, a foot long and three inches in diameter, was recently taken from a depth of 400 feet from a well in the Lytle creek wash, west of San Bernardino.

From the same well, at a depth of 682 feet, other petrified wood, having the characteristics of pine or hemlock, was taken.

MUNICIPAL GOLF LINKS KEPT UP AT SAN DIEGO

(By Associated Press)
SAN DIEGO, Calif., July 29.—In less than a month the success of the recently constructed municipal golf links has been established, and now local golfers are requesting the city to furnish nine more holes so they

TWO MILLIONS LEFT DESTITUTE

(Correspondence Associated Press)
WARSAW, Poland, June 29.—It is estimated that there are 1,000,000 destitute persons in Poland, including 2,000,000 mothers and children. For five years the struggling armies of Russia and the central powers swept back and forth over the country. Thousands of houses and buildings were destroyed.

Now that peace has settled upon the rest of the world, Poland is still engaged in frontier warfare. From the Baltic to the Carpathians, on a front three times the length of the former western one, the Poles are mobilized. Even women and girls are performing military services, not as their French and American sisters were in hospitals and ambulances, but on the firing line with rifles in their hands.

Despite these conditions, the new Polish government is making a determined effort to care for its citizens, with the assistance of allied relief agencies. The American Red Cross has already sent to Poland a dozen trainloads of supplies, clothing, medicines, and children's food. What this has meant to the new republic is summed up in the statement of a Polish government official who told the Red Cross workers: "You are saving a race which has struggled for independence for hundreds of years, and are winning their everlasting gratitude and friendship."

COME HERE TO SURVEY POWER

(By Associated Press)
LOS ANGELES, Calif., July 29.—Twelve engineers sent to this country by the French government to make a survey of water and electrical projects to obtain ideas to be used in the reconstruction of France have been inspecting power plants in California. The engineers also are studying the electrification of steam railroads.

Major H. I. Augard, M. Manduit, M. Paradi and M. Barillot, members of the party, said the French government was determined that in the rebuilding of France, only the most modern ideas should be used.

will have a full course of eighteen holes. The nine-hole course was built from money derived from the sale of annual privilege cards of \$5 each. It is thought that the city of San Diego will furnish the funds for the building of the other nine holes.

"I see in town, Honey!"

When you want an easy breakfast, as well as a mighty good one, make Aunt Jemima Pancakes. No expert knowledge of cooking is needed—all the ingredients to make the best cakes you ever tasted come already mixed in the flour. Even sweet milk, in powdered form, so that you add nothing but water. In half a minute you are sitting down to a hot stack of piping hot, brown pancakes that sing the "hit the spot."

Get a package of Aunt Jemima Pancake Flour from your grocer today.

THE MILK IS ALREADY IN THE FLOUR
